Washington, D.C.

NOV 23 1943

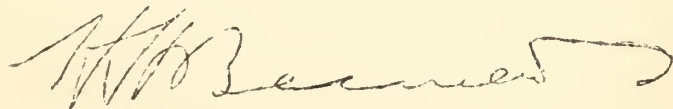

November 23, 1943

TO ALL WASHINGTON AND FIELD OFFICES:

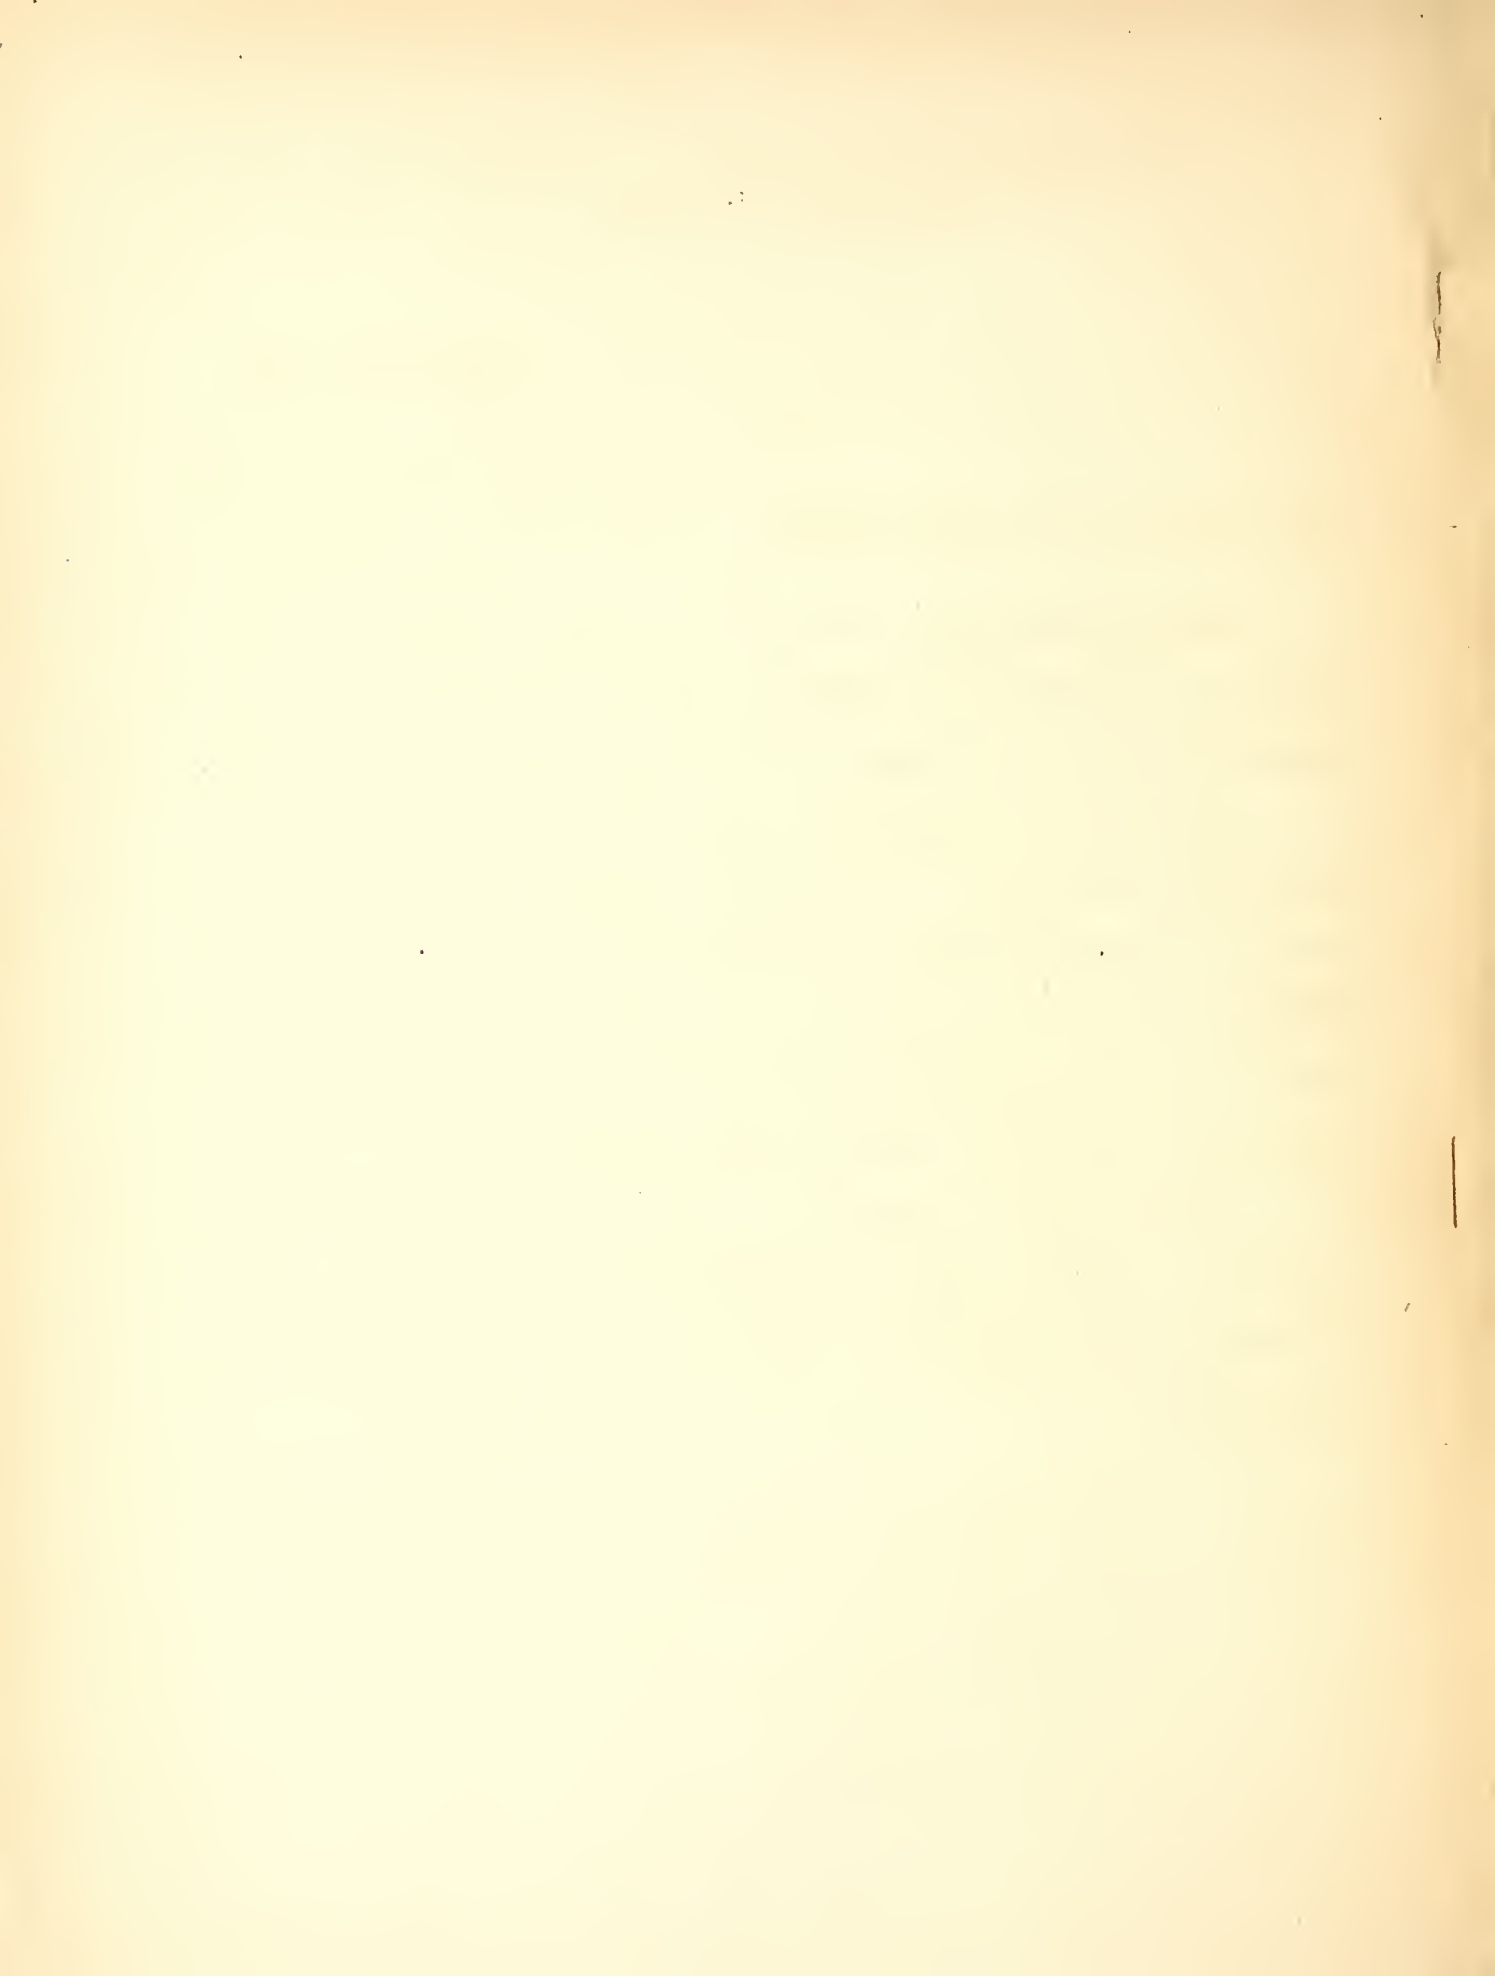

Field Memorandum #SCS - 1092, June 10, 1943, regarding clearance of scientific and technical data to be sent out of the United States, has been amended as follows:

Any material which has been printed or processed in bulk (bulletins, books, printed or mimeographed reports, photographs, printed posters, etc.) need not be cleared with the Departmental licensing representative unless accompanied by letters or other typed or written messages. Such printed or processed publications may be sent out directly through regular mailing channels.

Letters, typed or hand-written manuscripts, and all scientific or technical data not printed or processed in bulk should be forwarded to the Chief of the Division of Information in Washington for clearance and mailing.

FIELD MEMORANDUM #SCS - 1092

TO ALL RANKING FIELD OFFICERS:

In order to effectuate the procedure established in Secretary's Memorandum No. 1060, regarding the clearance of scientific and technical data to be sent out of the United States, please forward to the Chief of the Division of Information in Washington all requests received in your office from foreign correspondents for published materials, either printed or processed, scientific, technical, or popular.

A handwritten signature in dark ink, appearing to read "H. B. Bennett", written in a cursive style.

Chief
